

Estesol® PURE

Light Duty Hand Cleaner, Perfume-free & Dye-free

PRODUCT DESCRIPTION

A skin hypoallergenic lotion hand cleaner designed for professional use to remove general industrial dust, dirt & grime.

WHERE TO USE

For use in warehousing/logistics, general industrial and food manufacturing/processing environments.

RECOMMENDED SOILINGS

Light duty oils, greases, general grime and food related soilings.

INSTRUCTIONS FOR USE

- For general washing, wet skin or hair (if required) and apply one dose of product.
- For removing greasy soilings, apply one dose of product direct to dry skin.
- Rub across all parts of the skin and rinse off with clean water.
- Dry thoroughly.
- An effective hand wash should take a minimum of 30 seconds (not including drying).

DESIGNED FOR SENSITIVE SKIN¹

This product is formulated to reduce allergenic potential, because it is:

- Perfume-free and dye-free
- Skin hypoallergenic
- ECARF certified⁴

	DESCRIPTION	BENEFITS
FEATURES	Ideal for high frequency use	Clinical testing shows that repeated daily use does not affect the healthy condition of the skin barrier function.
	Skin Hypoallergenic	This product is tested by an independent dermatologist using Human Repeat Insult Patch Tests (HRIPT) to verify and confirm this product does not irritate the skin and has very low allergenic potential.
	Designed for Sensitive Skin ¹	This product is formulated to reduce allergenic potential, which means the product is perfume-free, dye-free, skin hypoallergenic and ECARF certified ⁴ .
INGREDIENTS	Perfume-Free and Dye-Free	Designed for people who are sensitive to perfumes and dyes and who prefer products which do not have these added.
	Contains Glycerin	A skin moisturiser to help prevent drying and leave the skin feeling smooth after use.
	Formulated close to the skin's natural pH (4.0-6.5)	Helps minimise disruption from product use to the skin's acid mantle, a natural layer which acts to help support the natural bacteria balance.
	Silicone-free	The product will have no adverse effect if in contact with surfaces prior to the application of paint or surface coatings.
	Mild preservative	Specially formulated with one of the mildest preservatives to reduce the risk of skin irritation from using this product.
CERTIFICATES/COMPATIBILITY	Certified by HACCP International ²	Certified by HACCP International as being suitable for use in facilities that operate a HACCP based food safety programme (Food Zone Classification SSZ) when used as directed. Food handlers should use product only in accordance with label instructions and product should not come directly into contact with food or items that contain food.
	Good Environmental Choice Australia Certified Product ³	This product complies with Personal Care Products standard (PCPv4.1i-2013), GECA Standard which can be read at www.geca.eco GECA's Ecolabel trade mark indicates the environmental performance of a product has been certified from multi-criteria perspective. Products that carry the trade mark are certified environmentally preferable by GECA.
	Suitable for food facilities	Product has been independently evaluated and trace amounts of the product are not expected to cause adverse toxicological effects. Food handlers should use product only in accordance with usage instructions and product should not come directly into contact with food or items that contain food.
	ECARF Certified ⁴	This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for skin tolerability. For more information go to http://Ecarf-siegel.org/en/about-seal .

¹The product does not guarantee a complete absence of risk of an allergenic reaction. Allergy sufferers should always refer to the ingredient list before using the product.

Light Duty Hand Cleaner, Perfume-free & Dye-free

SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to the Safety Data Sheet which can be downloaded from scjp.com/en-au/safety-data-sheets

SHELF LIFE

This product has a shelf life of 30 months from the date of manufacture when stored unopened at room temperature.

SUITABLE FOR USE IN FOOD HANDLING AREAS

Estesol® PURE cleaner as per usage instructions, does not influence the quality and safety of foodstuffs.

The product has been assessed using the HACCP hazard analysis methodology. The following critical control points were identified and are controlled as follows -

1. Impact on smell and taste of foodstuffs - The formulation has been independently tested according to 'Sensory Analysis - Methodology - Triangle Test BS EN ISO 4120:2007' and proven to not have the potential to taint food.
2. Possible toxic effects of ingredients - An independent oral toxicological evaluation was performed and concluded that any foodstuffs which may contain trace amounts of the product are unlikely to cause adverse toxicological effects.

CERTIFICATIONS

HACCP International Certified

This product and the dispensers it is to be used with have been certified by HACCP International as being food-safe hand hygiene products suitable for use in facilities that operate in accordance with a HACCP based food safety programme in Food Zone Classification SSZ (Splash or Spill Zone). This means products are suitable for use in food handling areas such as kitchens, production areas and processing areas, but not suitable for coming directly into contact with food or items that will touch food. HACCP International's evaluation and certification is strictly confined to matters of food safety or the operation of a HACCP based food safety programme. Whilst all reasonable care is taken by HACCP International in its evaluation of the product(s) or services(s) described herein, HACCP International does not guarantee that every food safety risk in every application has been identified. No guarantee is offered or implied in the issuing of this statement.

Good Environmental Choice Australia

The Good Environmental Choice Australia Ecolabel certification scheme is Australia's leading environmental certification program. GECA's Ecolabel trade mark indicates the environmental performance of a product has been certified from multi-criteria perspective. Products that carry the Ecolabel trade mark are certified environmentally preferable by GECA.

More information about the environmental characteristics of this product can be found at www.geca.eco.

INGREDIENTS

AQUA (WATER), SODIUM LAURETH SULFATE, SODIUM CHLORIDE, COCAMIDOPROPYL BETAINE, GLYCERIN, SODIUM BENZOATE, CITRIC ACID, COCO-GLUCOSIDE, PEG-7 GLYCERYL COCOATE, TETRASODIUM IMINODISUCCINATE.

4 ECARF Seal of Quality

This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for skin tolerability. Cosmetics can receive the seal of quality for meeting the following criteria:

1. Quantitative risk assessment of the product ingredients with respect to their potential for skin sensitisation, taking into account their specified conditions of use and amount.
2. Medically supervised clinical trials by volunteers with atopic dermatitis.
3. Approved system of quality control management.

For more information go to <http://ecarf-siegel.org/en/about-seal>.

The product is designed for sensitive skin and formulated to reduce its allergenic potential¹

¹The product does not guarantee a complete absence of risk of an allergic reaction. Allergy sufferers should always refer to the ingredient list before using the product.

QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow appropriate quality assurance practices, including with respect to quality control processes for raw materials and finished goods, and comply with any regulatory requirements applicable to the manufacturing of such products.

PRODUCT SAFETY ASSURANCE

Product Safety Assessment

The product has been assessed by an independent toxicologist and is declared safe for intended use on hands, hair and body of adults and children above 12 years of age when used as directed, meeting all relevant regulatory requirements.

Skin Compatibility Test

Independent dermatological tests conducted to assess the skin compatibility of the product using voluntary test persons in semi occlusive, 48 consecutive hour application models, shows the product to be non-irritating in use.

EFFICACY TESTS

Skin Hypoallergenic

The perfume-free and dye-free formulation did not demonstrate a potential for eliciting dermal irritation or sensitisation after conducting an independent 6 week Human Repeat Insult Patch Test (HR IPT).

Allergy sufferers should always refer to the ingredient list before using the product.
