SAFETY PRACTICES TO FOLLOW

It's good business practice to ensure that your employees have read and understood the product labels and Safety Data Sheet before using this product. The label use directions and SDS contain important hazard warnings, precautionary statements and first aid procedures. Ensure WHS compliance with pre-labeled cartridges.

This information is available on-line at www.scjp.com or by calling (AUS) 1-888-332-7627/(NZ) 0800 332 695.

Improper use of product may damage surfaces and may result in physical harm to the user.

Use only as directed. Always read label and product information before use.
