

Estesol® Hair & Body

Universal, Pleasantly Fragranced Hair & Body Shower Gel

PRODUCT DESCRIPTION

Pleasantly fragranced 2-in-1 unisex hair and body shower gel for industrial shower locations. Contains moisturizers to help prevent skin drying. Estesol® Hair & Body is Ecologo™ certified.

WHERE TO USE

For use in industrial shower environments.

INSTRUCTIONS FOR USE

- Apply as required to wet skin and hair
- Rub in to create lather for effective washing
- Shower/rinse off thoroughly
- Dry thoroughly

If swallowed, get medical help or contact a poison control center immediately. If contact occurs with eyes, rinse with water.

FORMAT: GEL

FEATURES	BENEFITS
Ecologo™ certified	Provides customers with assurance that the product meets stringent standards of environmental leadership.
“Rainforest” fragrance	Universally acceptable, refreshing and invigorating fragrance with no lingering scent.
Contains a mild, yet effective blend of cleansing agents	Suitable for frequent use on hair and body to remove general workplace dirt and grime.
Contains skin moisturizers	To help prevent drying and leave the skin feeling smooth after use.
Concentrated formula	Only a small amount is required to provide effective hair and body cleansing.
Soap-free formulation with skin friendly pH value	Formulated to maintain the skin’s acid mantle; a layer on the surface of the skin which acts to help support the natural bacteria balance.
Silicone-free	Suitable for use in most production sites where paint and surface coating processes are undertaken.
Compatible with rubber production processes	Independently tested at the German Institute of Rubber Technology (DIK) and proven to have no negative effect on the vulcanization process.

Estesol® Hair & Body

Universal, Pleasantly Fragranced Hair & Body Shower Gel

STATUTORY REGULATIONS

This product is regulated by and compliant with the Cosmetic Regulations in the Canadian Food and Drug Regulations of Health Canada. SC Johnson Professional products are produced and tested to ensure they meet the quality requirements for registration and/or approval by Health Canada.

SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to the Safety Data Sheet which can be downloaded from www.debgroup.com/ca/sds.

SHELF LIFE

This product has a shelf life of at least 30 months from the date of manufacture when stored unopened at room temperature. For shelf life after opening: see indication on packaging.

CERTIFICATIONS

Ecolabel Certification

Estesol® Hair & Body is certified according to the UL Ecologo™ Standard UL 2845.

Ecologo™ certified products, services and packaging are certified for reduced environmental impact. Ecologo™ certifications are voluntary, multi-attribute, lifecycle based environmental certifications that indicate a product has undergone rigorous scientific testing, exhaustive auditing, or both, to prove its compliance with stringent, third-party, environmental performance standards.

QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow Good Manufacturing Practice (GMP) and/or Cosmetic GMP requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in SC Johnson Professional's high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

PRODUCT SAFETY ASSURANCE

Skin Compatibility Test

Clinical dermatological tests have been conducted to assess the skin compatibility of the product using voluntary test persons in semi occlusive, 48 consecutive hour application models. These tests, as well as in practical use, have proven that the product has very good skin compatibility.

Do not store in food processing or food storage areas. For professional use only.

COMPATIBILITY TESTS

Rubber Production Process Compatibility

In testing conducted by the Deutsches Institut für Kautschuktechnologie (DIK) in accordance with DIN EN ISO/IEC 17025, the use of Estesol® Hair & Body in rubber production process does not influence the cohesive strength of rubber.
