

Product Information Sheet

Description: Powerful hand cleanser with natural biodegradable walnut shell scrubbers for removing extremely stubborn contaminants from the skin including, oil-based paints, lacquers, enamels, adhesives, sealants, primers, coatings, glues and resins.

Usage: For use as needed throughout the day and at the end of the work shift. Removes extremely heavy soils and contaminants from the hands, without harming the skin.

Method of Use: Apply 1 dose to dry hands and rub in well to loosen all soils. Add water and continue washing. Rinse and dry hands thoroughly.

	Feature	Benefit
Improves Health & Safety	No Water Added	Concentration of ingredients deliver more cleaning power and is effective with just a small quantity of cleanser required.
	Special ester based, toxicologically safe cleaning ingredient	Ester based cleaning ingredients ensure high efficacy, with good skin compatibility. A safer alternative to thinners and other technical solvents. Keeps hands healthy and working.
	pH Neutral	A skin compatible, pH neutral formula helps to stop skin swelling and maintains the skin's natural protective barrier.
	Hygienic dispensing system	The unique patented pump and cartridge are ultrasonically sealed and designed to prevent air ingress into the cartridge minimizing the risk of external contamination.
	Durable dispensers with BioCote™	BioCote™ protection inhibits the growth of bacteria and molds. Dispensers are guaranteed for life and are available color-coded with usage instructions to encourage hand washing best practice.
Better for Environment	Recyclable Packaging	All cartridge components and packaging are recyclable while formulations are biodegradable helping to sustain the environment.
	Natural, biodegradable scrubbing particles	The formula uses natural walnut shell powder which is a renewable resource that is better for the environment and won't clog drains.
	VOC/CARB Compliant	All formulas meets the new California Air Resources Board Regulations and proposition 65, thus meeting nationwide regulations and minimizing impact on the environment.
Reduces Total Cost	No Waste	The dispensing system controls the dose and the cartridge collapses during normal use to ensure full evacuation of product.
	Quick Rinsing	Quickly and easily rinses away to leave no residue on skin, in the sink or in the drain.

Technical Data

Ingredients:

DIMETHYL GLUTARATE, LAURETH-5, JUGLANS REGIA (WALNUT SHELL) POWDER, DIMETHYL ADIPATE, OCTYL STEARATE, CELLULOSE ACETATE BUTYRATE, QUATERNIUM 18/ BENZALKONIUM BENTONITE, STEARALKONIUM BENTONITE, TITANIUM DIOXIDE, PROPYLENE CARBONATE, PARFUM (FRAGRANCE), SILICA
