

Quick Shift®

All Natural Hand Cleanser

Usage: Heavy Duty Hand Cleanser that removes grease, grime, most paints, some resins, cement, glue, tar & printing inks. For use in industrial washrooms, maintenance shops and production areas

Natural Orange Solvent

Quick removal of the heaviest soilings without the irritation or dryness associated with strong petroleum distillates

Fresh Citrus Fragrance

Pleasant during use but leaves no strong or lingering afterwash odour

Natural Cornmeal Scrubber

Effective scrubbing action from an abrasive which is completely biodegradable

Added Emollients & Conditioners

Replacement of the skin's natural oils lost during the working day.

pH of 7.5

Close to the skin's natural pH reducing the possibility of irritation

Lotionized Formula

Easy dispersal attacks greasy, oily soilings quickly and effectively

Water Soluble

Blend of wetting agents allow soilings to be easily rinsed away in hard or soft water

Stable Free-Thaw Cycle

Safe to transport & store even where product may freeze

Patented Formulation

Recognized as a unique one-of-a-kind formulation

THE PRODUCT MAY BE USED IN FOOD PROCESSING ESTABLISHMENTS
