

PROTECT

Stokoderm® Advanced

Advanced Skin Defense Cream

PRODUCT DESCRIPTION

All-in-one skin pre-work cream against an extensive range of contaminants. Makes it easier to cleanse the skin after contact with heavy duty contamination.

WHERE TO USE

Heavy variable contamination (such as oil, grease, lubricants and detergents) where gloves are not worn.

HOW TO USE

- Apply to clean and dry skin before starting work, after washing hands and after lengthy breaks
- Rub small amount of product on areas of skin at risk, including between the fingers and on the fingernails
- After work: Dirt should first of all be loosened using a little bit of water prior to actual cleaning, then be thoroughly rinsed under running water

NB: Using skin care products does not release you from your duty to take the prescribed protective measures

Protection Rating **2**

Skin exposure to heavy, changing contamination

FORMAT: CREAM

FEATURES	BENEFITS
Unique dual action formulation	<ul style="list-style-type: none"> • Protects the skin from heavy contamination while facilitating skin cleansing
Unique formulation based on combination of natural hydrocolloid and a special soil-suspending emulsifier	<ul style="list-style-type: none"> • Very good protection against a wide range of substances • Helps to stop stubborn types of dirt from clinging to the skin • Skin can be cleaned quickly and easily • Reduces the amount of skin cleanser required and allows for a milder cleanser as the skin will wash easier - reducing cost and skin stress
Contains Algin, a natural film building agent	<ul style="list-style-type: none"> • To form a strong protective film and to ensure no loss of grip
Formulated for frequent use	<ul style="list-style-type: none"> • Used frequently, the protectant can substantially reduce the amount of strong hand cleansers often needed to remove stubborn ingrained dirt
Skin friendly pH	<ul style="list-style-type: none"> • Helps to maintain the natural acidic protective mantle, whose function includes protecting the skin from bacterial and fungal infection
Silicone-free and pigment-free	<ul style="list-style-type: none"> • Can be used in almost any product process • No adverse effect when painting / coating surfaces and on vulcanization

INGREDIENTS

SDA1L	1 litre cartridge	6

COMPATIBILITY ASSURANCE

Skin Compatibility Test: The skin compatibility of Stokoderm[®] Advanced was tested using state of the art dermatological tests using voluntary test panels. In these tests, as well as in practical use, Stokoderm[®] Advanced has proven to have good skin compatibility.

EFFICACY TESTS

Testing the Protective Action: The product's protective action was tested on 15 healthy voluntary test persons. One water soluble substance (Sodium Dodecyl Sulfate) and one non-water substance (Ethyl Acetate/Undecylenic Acid, 1:1) were applied, each one time a day for 30 minutes over a week (one in the morning, the other in the afternoon). The skin irritation was compared every day and assessed on the fifth day (visual score). Result: Stokoderm[®] Advanced significantly reduces skin irritation.

Testing the Cleansing Effect: The product's cleansing facilitation was tested with 20 males voluntary test persons using a standardized model dirt (carbon black, iron oxide, graphite, petrolatum, oil, wax). The level of the residual dirt was assessed in a 10-point-spectrum. Result: Most of the dirt could be washed away with Stokoderm[®] Advanced while using only water shows no cleansing effect. The difference is very high significant.
