

PROTECT

Travabon® Special PURE

Specialist Skin Defense Cream

PRODUCT DESCRIPTION

Specialist perfume-free and dye-free pre-work cream to protect against solvent-containing substances and resins.

WHERE TO USE

Heavy adherent contamination (such as resins, adhesives, sealants) where gloves are not worn.

HOW TO USE

- Apply to clean and dry skin before starting work, after washing hands and after lengthy breaks
- Rub small amount of product on areas of skin at risk, including between the fingers and on the fingernails

NB: Using skin care products does not release you from your duty to take the prescribed protective measures

FORMAT: CREAM

FEATURES	BENEFITS
Contains a very high proportion of inorganic minerals and natural film forming polymer	<ul style="list-style-type: none"> • Forms a stable physical protective layer on the skin, which helps prevent contaminants from penetrating deeply into the skin • This protective action has a particularly positive effect where skin comes into contact with resins and organic solvents
Specially formulated to also be used on the face	<ul style="list-style-type: none"> • Ideal for application where the face might be exposed to contaminants as a supplement to PPE
Perfume-free	<ul style="list-style-type: none"> • Universally accepted • Ideal for people who are sensitive to fragrances
Contains Glycerin	<ul style="list-style-type: none"> • Active ingredient known to support the skin's natural barrier function
Silicone-free	<ul style="list-style-type: none"> • Can be used in almost any product process • No adverse effect when painting / coating surfaces and on vulcanization
