

Florafree®

Anti-Bacterial Gel Skin Cleanser

DIN 00708232

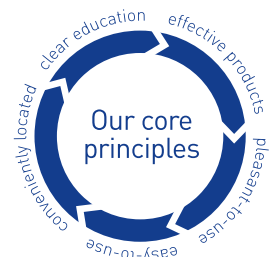

Usage: Removal of light to medium soilings. Especially effective on difficult to remove food stains and animal fats. For use as a "general" handwash in areas where an extra degree of bacteria reduction is required.

Concentrated Gel Cleanser	Use less product
Blend of Natural Soap and Synthetic Detergent	Cleans well, yet is very gentle to the skin
Moisturizing Properties	Conditions the skin
Neutral Scent	Pleasant to use, leaving no unpleasant afterwash smell
Contains Triclosan	A proven and effective anti-bacterial agent which kills and inhibits the growth of bacterial flora on the skin
Lathers Well in Hard or Soft Water	Performs well in all water conditions and does not leave any residue
Biodegradable	Non-polluting
Easily Dispensed	Wide choice of dispensing systems available

THE PRODUCT MAY BE USED IN FOOD PROCESSING ESTABLISHMENTS
