

InstantFOAM™ COMPLETE

Alcohol-Based Foam Hand Sanitiser

PRODUCT DESCRIPTION

Highly effective broad spectrum alcohol based hand sanitiser dispensed as a foam. The world's first alcohol foam hand sanitiser.

WHERE TO USE

Ideal for use in any workplace, educational facility, aged care and food handling environments where high levels of hand hygiene are vital. Also, suitable for use in cafeterias, office areas, rest areas and any public facility to help reduce the spread of germs.

BACTERICIDAL

Kills 99.999% of many common germs.

InstantFOAM COMPLETE % Active content: Alcohol Denat 85.5% v/v

WHEN TO USE

Food handling environments – use hand sanitiser as recommended by HACCP risk assessment.

General hygienic use – use hand sanitiser after coughing, sneezing, contact with body fluids or touching potentially contaminated surfaces*.

HOW TO USE

InstantFOAM COMPLETE: IFC1L, IFC400ML, IFC250ML

InstantFOAM COMPLETE: IFC47ML For general hand hygiene – apply 2 doses to clean dry hands and rub in well across all parts of hands for a minimum of 30 seconds or until hands are dry. IFC47ML does not comply to HACCP International criteria.

For general hand hygiene – apply 2 doses to clean dry hands and rub in well across all parts of hands for a minimum of 30 seconds or until hands are dry.

For food handling – apply 4 doses to clean dry hands and rub in well across all parts of hand for 30 seconds or until hands are dry

InstantFOAM COMPLETE: IFC1LTF Touch Free

For general hand hygiene – apply 3 doses to clean dry hands and rub in well across all parts of hands for a minimum of 30 seconds or until hands are dry.

For food handling – apply 5 doses to clean dry hands and rub in well across all parts of hand for 30 seconds or until hands are dry

INNOVATION

FORMAT: FOAM

NEW to Australia/NZ from December 2024.

	DESCRIPTION	BENEFITS
FEATURES	Broad spectrum bactericidal activity	Highly effective formula kills 99.999% of many common germs, and is fully tested and proven to be bactericidal.
	Instant foam action - dispensed as a foam	Rapidly and easily rubs across hands, providing the user with complete control of the product, preventing the dripping and splashing associated with using liquid alcohol sanitisers.
	Non tacky	Unlike alcohol gel sanitisers, the product does not contain gelling agents that leave the hands feeling sticky, particularly after multiple use.
	Non-drying formula	Independently tested and proven to maintain skin moisture to help keep the skin in good condition, even after frequent use.
	No mess	Does not clog pumps or splash and drip on surrounding floor and wall surfaces as associated with liquid and gel sanitisers.
	Pleasant-to-use	The rich foam is extremely pleasant for frequent use in-between hand washing, encouraging maximum compliance.
	Convenient	Available in a range of sizes for use in different healthcare, workplace and public environments.
INGREDIENTS	Skin Hypoallergenic	This product is tested by an independent dermatologist using Human Repeat Insult Patch Tests (HRIPT) to verify and confirm this product does not irritate the skin and has very low allergenic potential.
	Perfume-Free and Dye-Free	Designed for people who are sensitive to perfumes and dyes and who prefer products which do not have these added.
	Not made with ingredients of animal origin	Helps customers with Halal and Kosher ingredient requirements.
CERTIFICATES/COMPATIBILITY	Alcohol content 85.5% v/v	The formula with a high level of ethanol meets the requirements for effective broad-spectrum efficacy and is proven to be bactericidal.
	Certified by HACCP International ²	Certified by HACCP International as being suitable for use in facilities that operate a HACCP based food safety programme (Food Zone Classification SS2) when used as directed. Food handlers should use product only in accordance with label instructions and product should not come directly into contact with food or items that contain food. 47ml bottle does not comply to HACCP International criteria.
	Suitable for food facilities	Product has been independently evaluated and trace amounts of the product are not expected to cause adverse toxicological effects. Food handlers should use product only in accordance with usage instructions and product should not come directly into contact with food or items that contain food.
	Proven glove compatibility	Suitable for use with latex, vinyl and nitrile gloves.

*Visibly dirty hands should be washed with soap and water. If someone comes in contact with body fluids, they should be washing their hands to remove the physical contaminant.

InstantFOAM™ COMPLETE

Alcohol-Based Foam Hand Sanitiser

SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to the Safety Data Sheet which can be downloaded from <https://www.scjp.com/en-au/safety-data-sheets>

HANDLING INSTRUCTIONS

Always read the label and product information before use. Please refer to the label or SDS for safety information.

SHELF LIFE

This product has a shelf life of 36 months from the date of manufacture when stored unopened at room temperature.

SUITABLE FOR USE IN FOOD HANDLING AREAS

When used as instructed, InstantFOAM™ COMPLETE hand sanitiser does not influence the quality and safety of foodstuffs.

CERTIFICATIONS

HACCP International Certified

1 This product and the dispensers it is to be used with have been certified by HACCP International as being food-safe hand hygiene products suitable for use in facilities that operate in accordance with a HACCP based food safety programme in Food Zone Classification SSZ (Splash or Spill Zone). This means products are suitable for use in food handling areas such as kitchens, production areas and processing areas, but not suitable for coming directly into contact with food or items that will touch food. HACCP International's evaluation and certification is strictly confined to matters of food safety or the operation of a HACCP based food safety programme. Whilst all reasonable care is taken by HACCP International in its evaluation of the product(s) or services(s) described herein, HACCP International does not guarantee that every food safety risk in every application has been identified. No guarantee is offered or implied in the issuing of this statement.

47ml bottle does not comply to HACCP International criteria.

QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow appropriate quality assurance practices, including with respect to quality control processes for raw materials and finished goods, and comply with any regulatory requirements applicable to the manufacturing of such products.

PRODUCT SAFETY ASSURANCE

Product Safety Assessment

The product has been assessed by an independent toxicologist and is declared safe for intended use on hands of adults and children above 3 years of age when used as directed, meeting all relevant regulatory requirements.

Skin Compatibility Test

Independent dermatological tests conducted to assess the skin compatibility of the product using voluntary test persons in semi occlusive, 48 consecutive hour application models, shows the product to be non-irritating in use.

High Frequency Usage Study

In independent testing, InstantFOAM™ COMPLETE hand sanitiser was proven to have no adverse effect on the skin condition of the healthy hands of test panelists, even after 48 applications per day for 5 days.

Skin condition was assessed using Trans Epidermal Water Loss (TEWL) measurements, corneometry, visible redness inspection and skin conductance.

Skin Hypoallergenic

The perfume-free and dye-free formulation did not demonstrate a potential for eliciting dermal irritation or sensitisation after conducting an independent 6 week Human Repeat Insult Patch Test (HRIPT).

Allergy sufferers should always refer to the ingredients list before using the product.

Glove Compatibility

In independent testing, the use of InstantFOAM™ COMPLETE hand sanitiser in combination with reputable latex, vinyl and nitrile gloves does not have any deleterious effect on the glove tensile properties using BS EN 455-2:2009 test methodology.
