

HEAVY DUTY NEUTRAL pH FLOOR & SURFACE CLEANER

SPECIALLY FORMULATED FOR DAILY CLEANING AND DEEP SCRUBBING

SC Johnson Professional® Heavy Duty Neutral pH Floor & Surface Cleaner is a low foaming, low residue cleaning concentrate specially formulated for daily maintenance of high traffic floor surfaces, deep scrub and re-coat applications as well as surface applications.

For use on a variety of flooring types such as vinyl composite (VCT), luxury vinyl tile (LVT), vinyl asphalt, vinyl asbestos, 100% sheet vinyl, terrazzo, rubber, linoleum, marble, granite, concrete, ceramic and sealed wood floors.

For use on a variety of hard, non-porous surfaces such as walls and counter tops made of granite, marble, laminate and quartz.

Use the SC Johnson Professional® Heavy Duty Neutral pH Floor and Surface Cleaner along with the full line of available SC Johnson Professional® floor care systems as part of your floor maintenance program.

HIGH PERFORMANCE AND EFFICIENCY

- Neutral pH formula is a high performance, high efficiency product that cleans without dulling
- Leaves no residue on the floor and provides excellent gloss retention
- When used on floors in combination with SC Johnson Professional® EZ Care Heavy Duty Scrub Pads, it can effectively remove scuffs, scratches and black heel marks, helping to reduce the need to burnish while maintaining the floor's high gloss appearance

COST CONTROL

- Eliminates the need for multiple floor cleaning products due to its powerful formula and wide range of use from daily cleaning to deep scrubbing before re-coating and surface cleaning
- Squeeze & Pour bottle allows for convenient, accurate measurement with the built-in graduated dispenser chamber
- Available in our TruFill® dispensing system with built-in metering technology in the cartridge providing automatic dilution control ensuring cost efficiencies and cleaning efficacy

VERSATILE

- Super concentrated formula works with a variety of application methods such as auto scrubber, mop and bucket and trigger sprayers
- Dilute at 1:512 for daily floor cleaning and 1:256 for heavily soiled floors and deep scrub (see chart on reverse for more details)
- Dilute at 1:64 for surface cleaning and at 1:32 for degreasing (see chart on reverse for more details)
- For use on a variety of floor and surface types

DILUTION RATES

	946 mL Squeeze & Pour Bottle			2L TruFill® Cartridge
USAGE	Commercial Ringer Bucket	Auto Scrubber	Trigger Spray Bottle	Bucket or Auto Scrubber Machine
Degreaser	1:32	N/A	1:32	N/A
Heavy Soil	1:128	1:256	1:32	N/A
Light to Medium Soil	1:256	1:512	1:64	1:512 (Dilution control – yields 1025 in-use litres)
Deep Scrub and Recoat	1:256	1:256	N/A	N/A

USE INSTRUCTIONS

Follow the use instructions on the label.

PLACE PROPER BLOCKADES. Floors will be slippery when wet or contaminated with foreign materials.

USE COLD WATER FOR ALL APPLICATIONS. DUST MOP AREA PRIOR TO CLEANING TO REMOVE CONTAMINANTS.

DO NOT USE UNDILUTED. Refer to chart for proper dilution ration depending on cleaning needs.

STRING MOP APPLICATION: Saturate string mop in diluted floor cleaner solution and apply to floor. Pick up soil and excess cleaner with tightly wrung out string mop.

AUTOMATIC SCRUBBER MACHINE APPLICATION: Install proper pad to machine, see dilution guide on product label for pad options. While operating scrubbing machine, trail machine with mop to absorb excess cleaning solution.

HARD SURFACE CLEANER APPLICATION: Fill trigger bottle with diluted solution. Spray 15-20 cm from surface and wipe clean with a reusable cloth or rubber squeegee. For use on hard, non-porous, non-food contact surfaces.

IMPORTANT:

Keep from freezing.

Not intended for use on unsealed wood.

Dispose of in accordance with all federal, provincial, and local applicable regulations.

PRODUCT SPECIFICATIONS

DESCRIPTION	HEAVY DUTY NEUTRAL PH FLOOR & SURFACE CLEANER
COLOR	RED
pH (Concentrate)	8.53
pH (dilution)	8*/7.35^
DENSITY	1.0240 g ³ /cm
FRAGRANCE	Fresh
SHELF LIFE	4 Years
INCOMPATIBLE MATERIALS	Do not mix with strong acids, bleach or any other cleaners

*pH Level (end-use dilution for 946mL Squeeze & Pour bottle) at strongest recommended dilution rate as per label instructions

^ pH Level (in-use dilution) TruFill® cartridge

SAFETY PRACTICES TO FOLLOW

It's good business practice to assure that your employees have read and understood the product labels and Safety Data Sheet before using this product. The label use directions and SDS contain important hazard warnings, precautionary statements and first aid procedures. This information is available online at www.scjp.com or by calling 1-888-332-7627. Wear personal protective equipment, chemical-resistant gloves and chemical splash goggles, when dispensing concentrates. Improper mixing or diluting of concentrate may damage surfaces and may result in physical harm to the user matching those of the concentrate.
