

Stainless Steel Dispenser

PRODUCT DESCRIPTION

Unique stainless steel 1 litre closed, sealed cartridge dispenser that meets the distinct needs of any workplace and public facility environment.

WHERE TO USE

For use in washrooms where a higher sense of security is required (i.e. prisons, mental institutions, schools).

METHOD OF USE

Large, easy-push buttons dispense a controlled dose of product appropriate for the application required and empty cartridges are easily replaced in seconds.

SSD1LDS

FEATURES	BENEFITS
Robust Design	Dispenser is manufactured from durable stainless steel components and rigorously tested for high usage environments, providing assurance of quality and longevity.
Large Push Buttons	Minimizes the operation force required to allow easy use by hand or elbow; suitable in hygiene-sensitive areas.
Fixed Product Dose	Delivers the exact amount required, controlling usage and reducing waste.
Security	Unique metal locking mechanism helps prevent unauthorized access and product contamination.
Simple Cartridge Replacement	Designed for exclusive use with SC Johnson Professional skin care system products to enable cartridges to be replaced in seconds, reducing maintenance time and costs.
Hygienic, Airless Cartridges	The ultrasonically sealed cartridge and pump mechanisms prevent the ingress of air into the cartridge during use to help prevent product contamination and ensure 'fresh' product is dispensed every time.
Minimal Waste	The air-tight cartridges are designed to collapse to minimize product waste.
