

Hygenipak® 2% CHG

Foaming Skin Cleanser DIN 02267144

PRODUCT DESCRIPTION

Antiseptic handwashing product is ideal for situations where a Chlorhexidine Gluconate solution is preferred for hand hygiene. Formulated in alignment under the Human-Use Antiseptic Drug requirements which guarantees its efficacy for use in healthcare facilities.

WHERE TO USE

Critical care settings such as intensive care units and burn units.¹

INSTRUCTIONS FOR USE

- Use 5ml and lather in hands with water for 60 seconds.
- Rinse well.
- Dry thoroughly

Keep out of reach of children. If swallowed, get medical help or contact a poison control center right away. If contact occurs with eyes, rinse with water.

FORMAT: FOAM

FEATURES	BENEFITS
High quality smooth foam	Pleasant silky-smooth skin feel when washing; helps reinforce good handwashing practice.
Perfume Free & Dye Free	Ideal for people who are sensitive to perfumes and dyes and who prefer products which do not have these added.
Convenient, quick and easy	Dispenses from sealed cartridge dispenser to promote safety, hygiene and cost effectiveness.
Meets Drug Facts Table labeling requirements of Health Canada	Available in unique, fully transparent dispensers allowing DFT visibility.
Mild Formulation	Dermatologist tested to verify and confirm this product does not elicit dermal irritation.
