Scrubbing Bubbles® Fresh Brush®

The only toilet bowl cleaner system with flushable pads for a convenient and effective clean.

USE OVERVIEW

Scrubbing Bubbles® Fresh Brush® effectively cleans with convenience. Simply immerse flush pad in cleaner and swish to activate. Scrub the bowl and flush grime goodbye!

DIRECTIONS FOR USE:

Fresh brush® Flushable:

TO ASSEMBLE: snap the two handle pieces together until the tabs lock. Assembly is permanent.

- Open pouch by cutting at dotted line. Break off one pad.
- Slide blue button on handle away from you to open the jaws fully. Line jaws up with a pad, grasp the pad, then slide button toward you until you hear a click.
- Immerse pad in cleaner and swish to activate cleaner. Scrub bowl, including under the rim.
- Slide blue button away from you to release pad into the toilet. Flush the dirty pad away!
- Store handle in the stand.

NOTE: any toilet and drain line can clog if overloaded with bulk waste. For best results, flush only one pad at a time and separately from other tissue or wipe. If using a lift pump, do not flush pads. Store handle and unused pads in a dry place. Reuse the handle with a clean flushable pad.

FRESH BRUSH® HEAVY DUTY (NON FLUSHABLE) PADS:

TO ASSEMBLE: snap the two handle pieces together until the tabs lock. Assembly is permanent.

- Open pouch by cutting at dotted line. Break off one pad.
- Slide blue button on handle away from you to open the jaws fully. Line jaws up with a pad, grasp the pad, then slide button toward you until you hear a click.
- Immerse pad in cleaner and swish to activate cleaner. Scrub bowl, including under the rim.
- Slide blue button away from you to release pad into the toilet. Flush the dirty pad away!
- Store handle in the stand.
