

TF Ultra™ TouchFREE Dispenser

PRODUCT DESCRIPTION

Attractively designed, power efficient touch-free dispensing system for use with SC Johnson Professional foaming hand hygiene products.

WHERE TO USE

Suitable for use in any public facility washroom. Also, ideal for use in hallways, office and reception / lobby areas in conjunction with InstantFOAM™ hand sanitizer and dispenser stand.

METHOD OF USE

Simply hold hand under dispenser to activate. No touch required.

	DESCRIPTION	BENEFITS
FEATURES	Robust and long-life	Dispensers are guaranteed against normal wear and tear, subject to correct installation, usage and dispenser care. Manual dispensers are warranted for their lifetime. Warranty applies only to dispensers exclusively using SC Johnson Professional products. Other terms and conditions apply: warranty.scjp.com .
	Robust Design	All SC Johnson Professional dispensers are manufactured from durable plastic components and rigorously tested for high usage environments, providing assurance of quality and longevity.
	'Touch-Free' Dispenser	Encourages use and minimizes any risk of cross-contamination.
	Versatile	Can be used on walls in washrooms, corridors and hallways or on SC Johnson Professional's free-standing stand.
	Exceptionally Long Battery Life	The power provided by 4 D-Cell batteries will provide up to 5 years of operation in typical usage conditions.
	Compact and ADA Compliant	Extends less than 4 inches from the wall as required for all ingress and egress locations, reducing the impact on the environment where it is located.
	Replacement Parts Available	In case of vandalism or accidental damage, replacements parts can be provided allowing for repairs without taking the dispenser off the wall.
	Fixed product dose	Delivers the exact amount required, controlling usage and reducing waste.
	Hygienic, airless cartridge	The ultrasonically sealed cartridge and pump mechanisms prevent the ingress of air into the cartridge during use to help prevent product contamination and ensure 'fresh' product is dispensed every time.
	Minimal waste	The air-tight cartridges are designed to collapse during use ensuring full evacuation of product with minimal wastage.
	Reliable	Uses the latest infra-red sensing technology for reliable operation to prevent misfiring; tolerant to skin color, temperature, ambient light and humidity.
	Large Capacity	Cartridges contain 1.2L of SC Johnson Professional foam soap or non-alcohol sanitizer providing approximately 1700 applications, and 1L of SC Johnson Professional foam alcohol hand sanitizer providing approximately 1400 applications.
HANDLING	Simple cartridge replacement	Helps prevent unauthorized access, pilferage and product contamination. The dispenser can be converted to open with a release button (included) for ease of access.
	Unique locking mechanism	Helps prevent unauthorized access, pilferage and product contamination.

TF Ultra™ TouchFREE Dispenser

DIMENSIONS

- Gross weight: 6.4lb (complete with batteries and cartridge)
- Ensure unit is located with appropriate space to each side and below
