| FEATURES                   | Convenient                                                        | The Skin Safety Centre contain all the products necessary for proper hand washing and hygiene, to simplify skin care.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|                            | Multifunction                                                     | Can be used with all skin care products in SC Johnson Professional® dispensers. Allows for the creation of a Skin Hygiene Program tailored to specific industrial needs.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
|                            | Colour Coded                                                      | Easy visual identification of product type to encourage compliance and proper use of the product.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|                            | Pre-mounted dispensers                                            | The dispensers are already mounted on the board, making installation quick and easy.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
|                            | Easy maintenance                                                  | The Skin Safety Centre is easy to maintain and clean.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|                            | Solid                                                             | Durable and lightweight materials, ideal for use in wet areas and high traffic sites.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|                            | The dispensers have a BioCote® protected push button <sup>1</sup> | BioCote® silver-ion technology effectively reduces bacteria, mould and fungi on the surface of BioCote® treated SC Johnson Professional® dispenser buttons within as little as 2 hours and achieves up to 99.99% reduction over a 24 hour period*. BioCote® maintains its antimicrobial protection for the lifetime of the dispenser button and will not wear off, wash off or leach out. BioCote® technology is not a substitute for good hand hygiene practices.                                                                                                                                                                                                                                                                                                                                                                                 |
|                            | Guaranteed for Life <sup>2</sup>                                  | SC Johnson Professional® dispensers are guaranteed for their lifetime. Guarantee applies only in the European Union, United Kingdom, and Ireland and to dispensers exclusively using SC Johnson Professional products. Other terms and conditions apply: <a href="https://www.scjp.com/en-gb/guarantee">https://www.scjp.com/en-gb/guarantee</a>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| CERTIFICATES/COMPATIBILITY | HACCP International certified <sup>3</sup>                        | The mounted SC Johnson Professional dispensers are suitable for use in the Food Industry and certified by HACCP International as being food-safe. This means products are suitable for use in food handling areas such as kitchens, production areas and processing areas, but not suitable for coming directly into contact with food or items that will touch food. HACCP International's evaluation and certification is strictly confined to matters of food safety or the operation of a HACCP based food safety programme. Whilst all reasonable care is taken by HACCP International in its evaluation of the product(s) or services(s) described herein, HACCP International does not guarantee that every food safety risk in every application has been identified. No guarantee is offered or implied in the issuing of this statement. |
