TruShot 2.0® Trigger

	FEATURES	BENEFITS
EFFICIENCY	Powerful cleaning and degreasing action	Effectively removes adhesives, oils, grease, dirt and grime.
	Highly concentrated and economical	1 cartridge of 266ml provides up to 11 bottles of 750ml bottles or 8 ready-to-use litres.
	Saves time and boosts productivity	TruShot 2.0® system saves over 70% of walking time and refill time by being able to fill it at the nearest water source, as opposed to returning to the janitorial cupboard. This equates to 48 hours of productivity per full time employee per year ³ .
	Storage efficiency	Saves 96% of janitorial cupboard space with TruShot 2.0® Power Cleaner & Degreaser when compared to purchasing the equivalent amount of typical, ready-to-use trigger sprays ⁴ .
	Pleasantly fragranced	Pleasant, clean fresh scent with no harsh smells from cleaning solvents. Harmonised fragrances across the range to deliver a consistent fragrance experience ⁵ .
SECURED SYSTEM	Snap-in, colour-coded cartridges	Colour-coded, easy-to-read cartridges that simplify identification and help support compliance. While spill-free, snap-in design ensures fast, mess-free changes for cleaning teams.
	No mixing	Sealed cartridges reduce exposure to concentrated product. No concentrate is dispensed when water tank is empty.
	Cartridge and trigger dispenser HACCP International Certified ²	Power Cleaner & Degreaser is suitable for use in non industrial facilities that operate a HACCP based food safety programme Food Zone Secondary (FZS) when used as directed with the TruShot 2.0® trigger dispenser.
Sustainability focused	Product savings	Fresh dose diluted and mixed on demand at the point of use. This helps reduce waste of pre-mixed diluted formulations.
	Plastic savings	Using the TruShot 2.0® system, it delivers up to 91% reduction in plastic used compared to equivalent ready-to-use 750ml bottle with sprayer ⁶ .
	Durable, reusable trigger	Trigger has been tested to last up to 250,000 trigger pulls, with only the cartridge that needs to be changed. The bottle construction withstands 1.8m drop test.
	ECOLOGO® Certified ¹	This product is certified to meet ECOLOGO® UL 2759 Standard for Hard Surface Cleaners. For more information: UL.com/EL.

³ Sponsored ISSA Full Time Study & Cleaning Time Validation Report, US, May 2023. ⁴ 32 litres of product in one case versus over 7 cases of RTU sprayers each containing 6 x 750ml trigger sprays.

⁵ except Multi-Surface Cleaner & Disinfectant which is perfume-free. ⁶ Over the life of a TruShot 2.0® trigger and TruShot 2.0® Glass & Multi-Surface Cleaner cartridges, compared to the usage of 750ml bottles with sprayers (containing 65 grams of plastic).

INSTRUCTIONS FOR USE: For use only with TruShot 2.0® mobile dilution system

1 Slide cartridge into the sprayer until it clicks.

2 Lift lid. Add tap water in the water tank (until MAX). Close the lid.

3 Turn the nozzle on the wide or short spray depending on the targeted cleaning choice.

4 Spray 20cm from surface and wipe dry using a wet sponge, cloth, paper towel or brush. Allow product to penetrate 1 minute on heavily soiled surfaces before rinsing. Surfaces which may come into contact with food must be rinsed with potable water.

5 At the end of the day, empty completely water from water tank - every 24 hours maximum. Turn nozzle to OFF. Store water tank upright, open and empty.

CHANGING CARTRIDGES:

1 Press the release button (A) Remove the cartridge (B)

2 Spray one time after cartridge has been removed.

3 Insert new cartridge. Add water before use.

4 Spray 5 times to prime dispenser before applying the product to the surface.
