

Washroom & Hand, Hair & Body Manual Dispensers

PRODUCT DESCRIPTION

Unique range of 1 liter and 2 liter closed, sealed cartridge dispensers that meet the distinct needs of any office, manufacturing or public facility environments.

WHERE TO USE

For exclusive use with SC Johnson Professional Cleanse Washroom foam soap and Hand, Hair & Body lotion soap products.

METHOD OF USE

Large, 'easy-push' buttons dispense a controlled dose of product appropriate for the application required and empty cartridges are easily replaced in seconds.

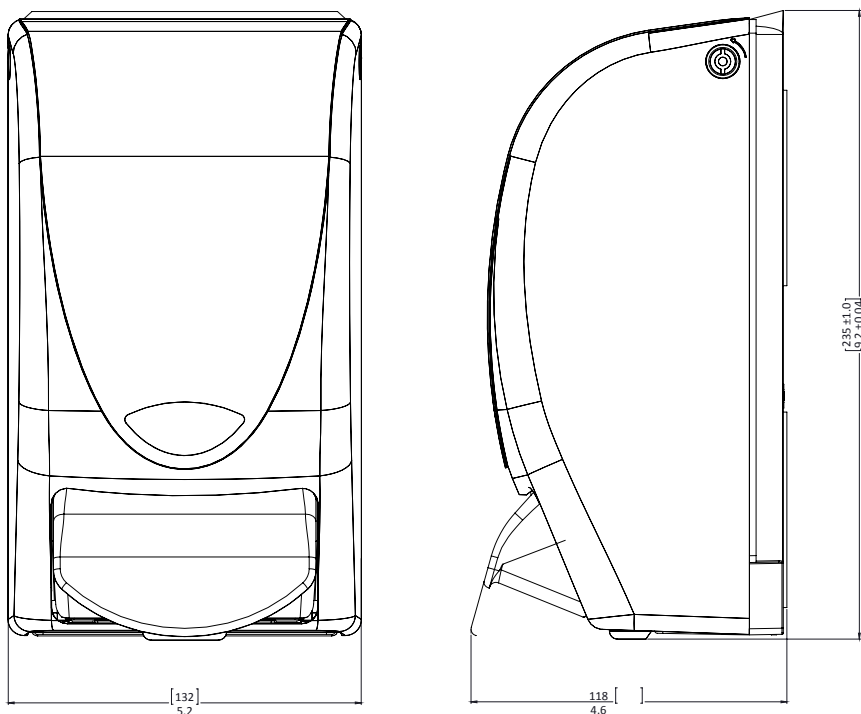

DESCRIPTION		BENEFITS
FEATURES	Robust and Long-Life	Dispensers are guaranteed against normal wear and tear, subject to correct installation, usage and dispenser care. Manual dispensers are warranted for their lifetime. Warranty applies only in the USA and to dispensers exclusively using SC Johnson Professional products. Other terms and conditions apply: warranty.scjp.com.
	BioCote® Protected 	Biocote® silver ion-based technology effectively reduces bacteria, mold and fungi on the surface of Biocote® treated SC Johnson Professional® dispenser buttons within as little as 2 hours and achieves up to 99.99% reduction over a 24 hour period**. Biocote® maintains its antimicrobial protection for the lifetime of the dispenser button and will not wear off, wash off or leach out. Biocote® technology is not a substitute for good hand hygiene practices.
	Large Push Buttons	Minimize the operation force required to allow easy use by hand or elbow; suitable in hygiene sensitive areas.
	Fixed Product Dose	Delivers the exact amount required, controlling usage and reducing waste.
	Unique Locking Mechanism	Helps prevent unauthorized access, pilferage and product contamination.
	Sight Glass	Indicates the level of product in the cartridge which helps identify when product needs replacing
	Simple Cartridge Replacement	Designed for exclusive use with SC Johnson Professional skin care system products to enable cartridges to be replaced in seconds, reducing maintenance time and costs.
	Hygienic, Airless Cartridges	The ultrasonically sealed cartridge and pump mechanisms prevent the ingress of air into the cartridge during use to help prevent product contamination and ensure 'fresh' product is dispensed every time.
	Minimal Waste	The air-tight cartridges are designed to collapse to minimize product waste.
	Replacement Parts Available	In case of vandalism or accidental damage, replacements parts can be provided allowing for repairs without taking the dispenser off the wall.
