

Raid® Concentrated Deep Reach Fogger

Treats an entire room with residual killing action.

**Hard
to reach
areas**

**Kills for
up to 2
months**

Product Description

Raid® Concentrated Deep Reach Fogger roach and flea killer uses a bug killing fog to kill roaches and fleas in the hard-to-reach areas. The fog treats an entire room with residual killing action against roaches for up to 2 months. The fog covers an area of up to 5,000 cubic feet and can even dissipate into closets and small areas within a room.

Features & Benefits:

- Emits penetrating fog to kill roaches where they hide
- Dry fogger does not leave a wet and messy residue
- Insecticide fog keeps killing roaches with residual action for up to 2 months
- Each fogger treats an entire 25 feet by 25 feet room with an 8 foot ceiling

Kills

- A variety of bugs including ants, crickets, earwigs, fleas, mosquitoes, weevils, spiders and ticks
- Fog kills insects in hard-to-reach indoor areas

Effective against:

Raid® Concentrate Deep Reach Fogger

KILLS A VARIETY OF BUGS
