

Proline Quick-View™ Transparent Manual Dispenser

PRODUCT DESCRIPTION

Unique, transparent 1 litre sealed cartridge dispensers, that meet the distinct needs of any washroom facility environment.

WHERE TO USE

For exclusive use with 1 litre SC Johnson Professional washroom foam soaps and shower products. Suitable for use in washroom areas in offices, education, nurseries, public facilities, healthcare and aged care environments.

METHOD OF USE

Large, 'easy-push' buttons dispense a controlled dose of product appropriate for the application required. Empty cartridges are easily replaced in seconds.

FEATURES	BENEFITS
Quick-View™ Transparent Sides	Provides accurate soap visibility, to save on time and cut maintenance costs. The dispenser has transparent sides to enable cleaning staff accurate soap visibility from any angle or distance to establish if a cartridge change is required without having to open up the dispenser.
Guaranteed for life	All dispensers are manufactured from durable plastic components and rigorously tested for high usage environments, providing assurance of quality and longevity.
BioCote® protected button	BioCote® antimicrobial protection technology is incorporated at the time of manufacture into the Quick-View™ dispenser plastic button. The button is the primary contact point for people using these dispensers and BioCote® technology provides life-long antimicrobial protection to inhibit the growth of a broad spectrum of bacteria and moulds that could potentially cause illness.
Large push buttons	Minimises the operation force required to allow easy use by hand or elbow; suitable in hygiene sensitive areas.
Fixed product dose	Delivers the exact amount required, controlling usage and reducing waste.
Unique locking mechanism	Helps prevent unauthorised access, pilferage and product contamination.
Simple cartridge replacement	Designed for exclusive use with SC Johnson Professional skin care system products to enable cartridges to be replaced in seconds, reducing maintenance time and costs.
Hygienic, airless cartridges	The ultrasonically sealed cartridge and pump mechanisms prevent the ingress of air into the cartridge during use to help prevent product contamination and ensure 'fresh' product is dispensed every time.
Minimal waste	The air-tight cartridges are designed to collapse to minimise product waste.

Proline Quick-View™ Transparent Manual Dispenser

STOCK CODE	DISPENSER	CARTRIDGE CAPACITY	DIMENSIONS (MM)	SHOT SIZE	APPLICATIONS PER CARTRIDGE
TPW1LDS	QUICK-VIEW™ Transparent White	1 Litre	233H x 130W x 115D	0.70ml	1,428
