Lotion hand cleaner to remove industrial dust and dirt. Lightly perfumed.

### WHERE TO USE

For use in general industrial environments to remove light duty oils, greases and general grime. Also suitable for cleansing the whole body.

### INSTRUCTIONS FOR USE

- For general washing, wet hands first and apply one shot of product
- For removing greasy soilings, apply one shot of product direct to dry hands
- Rub across all parts of the hands and rinse off with clean water
- Dry thoroughly

FORMAT: **LOTION**

| FEATURES                             | BENEFITS  |
|--------------------------------------|---|
| Formulated with a low pH value (5-6) | Formulated with a low pH value to help minimize disruption from product use to the skin's acid mantle, a natural layer which acts to help support the natural bacteria balance. |
| No added preservatives               | Specially formulated with no added preservatives to help reduce the risk of skin irritation from using this product.  |
| Quick Rinsing                        | Quickly and easily rinses away, helping to prevent residues on the skin and in the sink.  |
| Silicone-free                        | The product will have no adverse effect if in contact with surfaces prior to the application of paint or surface coatings.  |

## Light Duty Hand Cleaner

### STATUTORY REGULATIONS

This product is a cosmetic product regulated by and complying with Regulation EC No 1223/2009 (as amended) on Cosmetic Products.

### SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to the Safety Data Sheet which can be downloaded from [www.scjp.com/msds](http://www.scjp.com/msds).

### SHELF LIFE

This product has a shelf life of at least 30 months from the date of manufacture when stored unopened at room temperature. For shelf life after opening: see indication on packaging.

### QUALITY ASSURANCE

SC Johnson Professional skin care products are manufactured in facilities which follow cosmetic Good Manufacturing Practice (cGMP) requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in our high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

### PRODUCT SAFETY ASSURANCE

#### Skin Compatibility Test

Dermatological tests conducted to assess the skin compatibility of the product using voluntary test persons in occlusive, 24 hour application models, shows the product to be non-irritating in use.

#### Toxicological Approval

The product has been assessed by an independent toxicologist and has been declared to be safe for use on the hands and wrists of adults aged 16 and above.
