

SC JOHNSON PROFESSIONAL® **THE EZ CARE FLOOR CARE SYSTEM**

**REVOLUTIONARY SYSTEM SAVES TIME AND LABOR
COST vs. CONVENTIONAL STRIPPING**

SIMPLY INSTALL - MAINTAIN - REMOVE

EZ Care is an integrated floor care system suitable for a variety of substrates that allows you to achieve a durable, high-gloss finish with no more than 4 coats and eliminates the manual procedure of conventional stripping. This reduces the time it takes to maintain a floor giving you the ability to redeploy labor to other important tasks.

For the first time ever, SC Johnson Professional introduces a patent-pending polymer-blend floor coating that can be easily removed using the EZ CARE Floor Coating Remover and an auto scrubber. Once the system is installed, you never need to use conventional stripping chemicals to achieve a lustrous, high-gloss shine.

EZ CARE SAVES TIME AND MONEY BY NOT HAVING TO CONVENTIONALLY STRIP THE FLOOR

SIMPLY INSTALL - MAINTAIN - REMOVE

Beginning with a bare floor, the EZ Care system requires no more than four coats of EZ Care Floor Coating to achieve a durable, high-gloss shine on a variety of substrates. When it's time to refinish the floor, up to four coats of floor coating can be completely removed in one pass with an auto scrubber returning the floor to bare. Stripping with conventional stripping chemicals is never required once the system is installed.

EZ CARE FLOOR COATING REMOVER
Can be applied and removed with auto scrubber

HIGH SPEED CONDITIONING & POLISH PAD, FLOOR COATING
Polish pad requires UHS machine

HEAVY DUTY SCRUBBING PAD & HEAVY DUTY NEUTRAL FLOOR CLEANER

EZ Care Floor Coating

Highly repairable finish provides excellent resistance to scuffs, black heel marks and embedded dirt.

- Suitable for a variety of substrates.
- Only 4 coats needed to achieve a durable high gloss appearance even in high traffic areas.
- Goes on smoothly and evenly with any application method.
- Easy removal of up to four coats with the EZ Care Floor Coating Remover
- Light pleasant scent.

EZ Care Floor Coating Remover

Groundbreaking cleaner technology compatible with an auto scrubber.

- Liquify EZ Care Floor Coating for safe, fast removal of up to four coats in one pass.
- Eliminates conventional manual stripping.
- Increases productivity, slashing the time and labor needed for a full removal and recoat.
- Streamlines the floorcare workflow, reduces crew size, and simplifies training vs. conventional floor stripping.

EZ Care High Speed Conditioning and Polish Pad

Patent pending pad technology prepares the floor for application of finish resulting in a high gloss shine.

- Smooths and conditions the floor prior to finish application.
- Contributes to a durable high-gloss shine with fewer coats.
- Improves the condition and appearance of the floor over time.
- Available in two common sizes - (20" and 27").

EZ Care Heavy Duty Scrub Pad

Effectively removes scuffs, scratches and black heel marks - reducing burnishing and maintaining the floor's high gloss appearance.

- DUAL-PURPOSE PAD cleans and shines in the same step. Red side easily adheres to equipment; Gray side for more abrasive cleaning of coated surfaces.
- Can be used on newly coated floor surfaces.
- Long-lasting performance. - up to 250,000 sq.-ft.
- Available in three common sizes. - (13", 16", 17" and 20").

NOTE: EZ Care Floor Coating and Floor Coating Remover does not contain intentionally added PFAS*. EZ Care Floor Coating does not contain intentionally added Phthalates.

**PFAS are perfluoroalkyl and polyfluoroalkyl substances, which are a class of fluorinated organic chemicals containing at least one fully fluorinated carbon atom.

SAY GOODBYE TO CONVENTIONAL STRIPPING
