

# Stokoderm® Advanced

## Advanced Skin Protection Cream

### PRODUCT DESCRIPTION

General purpose skin protection cream to help protect skin against heavy exposure to water and non-water based contaminants. Advanced formula contains special soil-suspending emulsifiers designed to make the skin easier and quicker to clean.

### WHERE TO USE

Suitable for most workplaces to protect against heavy exposure to oil-based and water-based substances (such as oil, grease, lubricants and detergents) where gloves are not worn.

NB: Where possible skin exposure to potentially harmful substances and environments should be avoided through the implementation of safe working practices and the use of appropriate Personal Protective Equipment. Where skin exposure cannot be avoided, it is recommended to use an appropriate skin protection cream as part of a complete skin care programme to reduce the risk of occupational skin disease.

### INSTRUCTIONS FOR USE

Before Working:

- Apply 1ml to clean and dry skin before starting each work period and after washing hands
- Rub on all areas of the hands, including between the fingers and around the fingernails

After Working:

- Prior to cleaning, apply a small amount of water to hands and rub together to loosen soiling then rinse with running water. This action will remove most of the soiling from the hands enabling the use of only a light cleanser to remove any remaining soiling

General Purpose - Heavy Exposure

**FORMAT: CREAM**

FEATURES	BENEFITS
<b>Unique dual action formulation</b>	Protects the skin from heavy exposure to contamination while facilitating skin cleansing
<b>Advanced protection film</b>	Unique formulation forms a multi-functional protective film on the skin surface. Effective against a wide range of substances, helping to stop stubborn types of dirt from clinging to the skin
<b>Contains Algin</b>	A natural film building hydrocolloid which helps strengthen and reinforce the protective film on the skin for greater durability
<b>Contains a special soil-suspending emulsifier</b>	Blend of surfactants incorporated into the protective layer are activated by pre-rinsing hands with just clean water, enabling the removal of most soiling. This allows use of a light hand cleanser only to remove any remaining soiling
<b>Reduces risk of skin irritation</b>	Clinically proven to provide protection against the irritating effects on the skin of changing workplace contaminants
<b>Silicone-free</b>	The product will have no adverse effect if in contact with surfaces prior to the application of paint or surface coatings
<b>Independently tested at the German Institute of Rubber Technology (DIK) and proven to have no negative effect on the vulcanisation process</b>	Compatible with rubber production processes

## Advanced Skin Protection Cream

### STATUTORY REGULATIONS

This product is manufactured and labeled in compliance with the Federal, Drug, and Cosmetic Act issued by the Food and Drug Administration (FDA).

### SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information, please refer to the Safety Data Sheet which can be downloaded from [www.debgroupp.com/us/sds](http://www.debgroupp.com/us/sds).

### SHELF LIFE

This product has a shelf life of at least 30 months from the date of manufacture when stored unopened at room temperature.

### QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow Current Good Manufacturing Practice (cGMP) and/or Cosmetic GMP requirements.

All raw material used for production undergo a thorough quality control process before being used for manufacturing in our high quality products.

All finished products are subject to intensive quality testing before being shipped out to our customers.

### PRODUCT SAFETY ASSURANCE

#### Skin Compatibility Test

Clinical dermatological tests have been conducted to assess the skin compatibility of the product using voluntary test persons in enclosed and repeat application models. These tests, as well as in practical use, have proven that the product has very good skin compatibility. Skin compatibility expert reports are available upon request.

#### Toxicological Approval

The product has been independently assessed for human toxicity and The product has been independently assessed for human toxicity and product stability. It is declared safe for intended use, meeting all relevant regulatory requirements.

### COMPATIBILITY TESTS

#### Rubber Production Process Compatibility

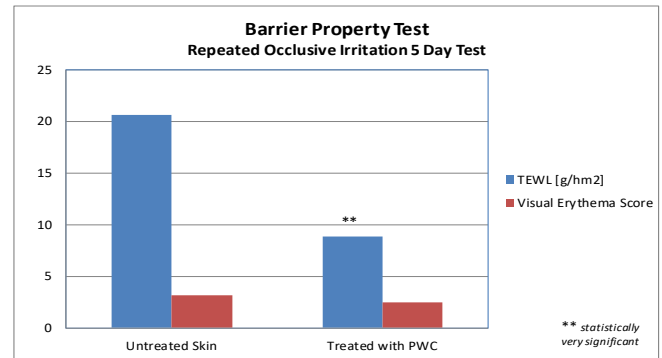

In testing conducted by the Deutsches Institut für Kautschuktechnologie (DIK) in accordance with EN ISO/IEC 17025, the use of Stokoderm® Advanced in rubber production process does not influence the cohesive strength of rubber.

### EFFICACY TESTS

#### Barrier Property Test

Repeated Occlusive Irritation Patch Testing using 14 healthy panellists was conducted using one water soluble substance (Sodium Lauryl Sulphate) and one non-water based substance (Ethyl Acetate/Undecylenic Acid, 1:1). Each substance was applied at one time per day for 30 minutes over 5 days, alternating the water-based substance in the morning and non-water based in the afternoon.

Results (Figure 1) show Stokoderm® Advanced significantly reduces the Visual Skin Erythema and Trans Epidermal Water Loss (TEWL) compared to unprotected skin.

#### Hand Cleansing Test

Hand cleansing efficacy was tested using 10 healthy test panellists using a standardised model soiling (carbon black, iron oxide, graphite, petrolatum, oil, wax). Using only water to remove soil, the level of the residual dirt was assessed.

Results show that when rinsed with water alone, 86% of the soil is removed from the skin when the hands are pretreated with Stokoderm® Advanced.

### INGREDIENTS

AQUA (WATER), SODIUM COCOAMPHOPROPIONATE, ETHYLHEXYL STEARATE, GLYCERYL STEARATE SE, PROPYLENE GLYCOL, ALGIN, ISOPROPYL PALMITATE, CETEARETH-6, CETEARYL ALCOHOL, CETEARETH-25, STEARYL ALCOHOL, PHENOXYETHANOL, METHYLPARABEN, ETHYLPARABEN, PROPYLPARABEN, PARFUM (FRAGRANCE)
