

Stokoderm® Aqua PURE

Specialist Skin Protection Cream

PRODUCT DESCRIPTION

Specialist perfume-free and dye-free skin protection cream to protect against exposure to water-based substances and solutions whilst helping the skin to regenerate.

WHERE TO USE

Work places with prolonged exposure to water and water-based contaminants (such as water-based cooling lubricants, detergents, cleaning agents, disinfectants, dilute acid & alkaline solutions, salts, mixed cement and fertilisers) and frequent hand washing requirements. Can be used with gloves or PPE.

NB: Where possible skin exposure to potentially harmful substances and environments should be avoided through the implementation of safe working practices and the use of appropriate Personal Protective Equipment. Where skin exposure cannot be avoided, it is recommended to use an appropriate skin protection cream as part of a complete skin care program to reduce the risk of occupational skin disease.

INSTRUCTIONS FOR USE

- Apply 1ml to clean and dry skin before starting each work period and after washing hands
- Rub on all areas of the hands, including between the fingers and around the fingernail

Specific Application - Water-based Substances

FORMAT: CREAM

FEATURES	BENEFITS
Innovative multi-phase formulation	Provides superior skin protection against water-based substances combined with a soothing and nourishing action
Hydrophobic barrier complex	Forms a robust, water resistant, physical protective layer which prevents contaminants from penetrating deeply into the skin
Unique emulsion structure	Allows active ingredients to penetrate deeply in to the skin to support its natural barrier function
Quick drying	Leaves a pleasant, non-tacky protective film on the skin to encourage regular use and not affect dexterity with hand-held tools
Contains Bisabolol, an ingredient of camomile	A skin conditioning agent which supports the stimulation of the skin's regeneration process and natural barrier function
Contains Hamamelis	Reduces inflammation and redness, providing skin soothing benefit
Perfume free and dye free	No added perfume or dyes. Ideal for people who are sensitive to perfumes and dyes and who prefer products which do not have these added
ECARF Certified¹	This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for being well tolerated by sensitive skin. www.ecarf-siegel.org/en/about-seal
Non tainting and assessed according to HACCP guidelines	When used as directed in food production and preparation areas, the product does not influence the quality of foodstuffs or present any risk to the health of its consumers
Skin Hypoallergenic	Dermatologist tested to verify and confirm this product has very low allergenic potential and is designed for sensitive skin
Specially formulated to also be used on the face	Ideal for application where the face might be exposed to contaminants and as a supplement to PPE
Skin friendly pH	Formulated to maintain the skin's acid mantle; a layer on the surface of the skin which acts to help support the natural bacteria balance
Proven glove compatibility	Suitable for use with latex, nitrile, vinyl and neoprene gloves.
Compatible with alcohol-based hand disinfectants	Can be used in hygiene sensitive areas where hand sanitising procedures are necessary
Silicone-free	The product will have no adverse effect if in contact with surfaces prior to the application of paint or surface coatings

Stokoderm® Aqua PURE

Specialist Skin Protection Cream

STATUTORY REGULATIONS

This product is manufactured and labeled in compliance with the Federal, Drug, and Cosmetic Act issued by the Food and Drug Administration (FDA).

SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information, please refer to the Safety Data Sheet which can be downloaded from www.debgroupp.com/us/sds.

SHELF LIFE

This product has a shelf life of at least 30 months from the date of manufacture when stored unopened at room temperature.

CERTIFICATIONS

ECARF Seal of Quality

This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for skin tolerability. Cosmetics can receive the seal of quality for meeting the following criteria:

1. Quantitative risk assessment of the product ingredients with respect to their potential for sensitization, taking into account their specified conditions of use & amount.
2. Medically supervised clinical trials by volunteers with atopic dermatitis.
3. Approved system of quality control management.

For more information, go to www.ecarf-siegel.org/en/about-seal.

QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow Current Good Manufacturing Practice (cGMP) and/or Cosmetic GMP requirements.

All raw material used for production undergo a thorough quality control process before being used for manufacturing in our high quality products.

All finished products are subject to intensive quality testing before being shipped out to our customers.

SUITABLE FOR FOOD HANDLING

The use of Stokoderm Aqua PURE as per usage instructions, does not influence the quality and safety of foodstuffs.

The product has been assessed using the HACCP hazard analysis methodology. The following critical control points were identified and are controlled as follows -

1. Impact on smell and taste of foodstuffs - The formulation has been independently tested according to 'Sensory Analysis - Methodology - Triangle Test EN ISO 4120:2007' and proven to not have the potential to taint food.
2. Possible toxic effects of ingredients - An independent oral toxicological evaluation was performed and concluded that any foodstuffs which may contain trace amounts of the product, are unlikely to cause any adverse toxicological effects.

INGREDIENTS

AQUA (WATER), PARAFFINUM LIQUIDUM, ISOPROPYL PALMITATE, CETEARYL ALCOHOL, POLYGLYCERYL-2 DIPOLYHYDROXYSTEARATE, PROPYLENE GLYCOL, CETEARYL GLUCOSIDE, C 12-15 ALKYL BENZOATE, STEARIC ACID, BISABOLOL, PETROLATUM, HAMAMELIS VIRGINIANA WATER, 1,2-HEXANEDIOL, PEG-30 DIPOLYHYDROXY-STEARATE, PEG-40 STEARATE

PRODUCT SAFETY ASSURANCE

Skin Compatibility Test

Clinical dermatological tests have been conducted to assess the skin compatibility of the product using voluntary test persons in enclosed and repeat application models. These tests, as well as in practical use, have proven that the product has very good skin compatibility. Skin compatibility expert reports are available upon request.

Toxicological Approval

The product has been independently assessed for human toxicity and product stability. It is declared safe for intended use, meeting all relevant regulatory requirements.

Skin Hypoallergenic Risk Assessment

The formulation has been assessed by an independent toxicologist to be formulated in such a way as to provide either minimal or no risk of provoking an allergic skin response and thus meets the requirements for being described as 'Hypoallergenic' (Delphic Solutions Ltd, UK).

COMPATIBILITY TESTS

Glove Compatibility Test

In independent testing, the use of Stokoderm® Aqua PURE in combination with reputable latex, vinyl and nitrile gloves does not have any deleterious effect on the glove tensile properties using EN 455-2:2009 test methodology.

Rubber Production Process Compatibility

In testing conducted by the Deutsches Institut für Kautschuktechnologie (DIK) in accordance with EN ISO/IEC 17025, the use of Stokoderm® Aqua PURE in rubber production process does not influence the cohesive strength of rubber.

Sanitizer Compatibility Test

The compatibility of Stokoderm® Aqua PURE with alcohol-based hand sanitizers was tested using a modified EN13727 test protocol. Results show that Stokoderm® Aqua PURE does not negatively affect the efficacy of alcohol based hand sanitizers against *Ps aeruginosa*, *E coli*, *S aureus* and *E hirae*.

EFFICACY TESTS

Testing the Regenerative Effect

The barrier recovery test was used to demonstrate the regenerative effect of Stokoderm® Aqua PURE using a voluntary test panel. The barrier damage caused by the standard irritant sodium lauryl sulphate, which can be seen from the increased release of water through the skin (TEWL) and the severe skin irritation (visual score), is largely counteracted by applying Stokoderm® Aqua PURE.

Testing the Protective Action

This product's protective action was tested using the repetitive occlusive irritation test. When Stokoderm® Aqua PURE is applied to the skin, the barrier damage caused by the standard irritant sodium lauryl sulphate (determined by the means of transepidermal water loss) is significantly decreased compared to unprotected skin.
