

Stokoderm® Grip PURE

Skin Protection Cream - Helps Improve Grip

PRODUCT DESCRIPTION

Perfume-free and dye-free general purpose skin protection cream containing Eucorior® astringent agent. Helps improve grip in damp environments and reduces skin softening under gloves.

WHERE TO USE

Suitable for most workplaces to protect against moderate to heavy exposure to oil-based and water-based substances (such as oil, grease, lubricants and detergents) where gloves are worn intermittently.

NB: Where possible skin exposure to potentially harmful substances and environments should be avoided through the implementation of safe working practices and the use of appropriate Personal Protective Equipment. Where skin exposure cannot be avoided, it is recommended to use an appropriate skin protection cream as part of a complete skin care program to reduce the risk of occupational skin disease.

INSTRUCTIONS FOR USE

- Apply 1ml to clean and dry skin before starting each work period and after washing hands
- Rub on all areas of the hands, including between the fingers and around the fingernails

General Purpose - Moderate to Heavy Exposure

FORMAT: CREAM

FEATURES	BENEFITS
Unique dual action formulation	Protects the skin from moderate to heavy exposure to contaminants while helping to improve grip
Contains Eucorior® astringent agent	Astringent agents are known to tighten skin and reduce the swelling effects when working in wet, damp or occlusive conditions, improving hand grip and helping to prevent abrasion
Proven general purpose protection	Suitable for a wide range of working environments with moderate to heavy exposure to varying types of water and non-water based contaminants
Contains a blend of skin caring ingredients	Contains emollients, conditioners and moisture-binding ingredients to help the skin retain moisture and flexibility, preventing cracking and improving skin feel. Suitable for sensitive and work stressed skin
Perfume free and dye free	No added perfume or dyes. Ideal for people who are sensitive to perfumes and dyes and prefer products which do not have these added
ECARF Certified¹	This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for being well tolerated by sensitive skin. www.ecarf-siegel.org/en/about-seal
Contains Glycerin	Enhances the water holding capacity of the skin's upper layers, supporting the skin's own moisture system and natural barrier function
Non tainting and assessed according to HACCP guidelines	When used as directed in food production and preparation areas, the product does not influence the quality of foodstuffs or present any risk to the health of its consumers
Glove compatibility	In independent testing, the use of Stokoderm® Grip PURE in combination with reputable latex, vinyl and nitrile gloves does not have any deleterious effect on the glove tensile properties using EN 455-2:2009 test methodology
Silicone-free	The product will have no adverse effect if in contact with surfaces prior to the application of paint or surface coatings
Independently tested at the German Institute of Rubber Technology (DIK) and proven to have no negative effect on the vulcanization process	Suitable for use in the rubber production industry

Stokoderm® Grip PURE

Skin Protection Cream - Helps Improve Grip

STATUTORY REGULATIONS

This product is manufactured and labeled in compliance with the Federal, Drug, and Cosmetic Act issued by the Food and Drug Administration (FDA).

SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information, please refer to the Safety Data Sheet which can be downloaded from www.debgroup.com/us/sds.

SHELF LIFE

This product has a shelf life of at least 30 months from the date of manufacture when stored unopened at room temperature.

CERTIFICATIONS

ECARF Seal of Quality

This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for skin tolerability. Cosmetics can receive the seal of quality for meeting the following criteria:

1. Quantitative risk assessment of the product ingredients with respect to their potential for sensitization, taking into account their specified conditions of use & amount.
2. Medically supervised clinical trials by volunteers with atopic dermatitis.
3. Approved system of quality control management.

For more information, go to www.ecarf-siegel.org/en/about-seal.

QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow Current Good Manufacturing Practice (cGMP) and/or Cosmetic GMP requirements.

All raw material used for production undergo a thorough quality control process before being used for manufacturing in our high quality products.

All finished products are subject to intensive quality testing before being shipped out to our customers.

PRODUCT SAFETY ASSURANCE

Skin Compatibility Test

Clinical dermatological tests have been conducted to assess the skin compatibility of the product using voluntary test persons in enclosed and repeat application models. These tests, as well as in practical use, have proven that the product has very good skin compatibility. Skin compatibility expert reports are available upon request.

Toxicological Approval

The product has been independently assessed for human toxicity and product stability. It is declared safe for intended use, meeting all relevant regulatory requirements.

COMPATIBILITY TESTS

Rubber Production Process Compatibility

In testing conducted by the Deutsches Institut für Kautschuktechnologie (DIK) in accordance with EN ISO/IEC 17025, the use of Stokoderm® Grip PURE in rubber production process does not influence the cohesive strength of rubber.

Glove Compatibility

In independent testing, the use of Stokoderm® Grip PURE in combination with reputable latex, vinyl and nitrile gloves does not have any deleterious effect on the glove tensile properties using EN 455-2:2009 test methodology.

EFFICACY TESTS

Barrier Property Test

The protective action of Stokoderm® Grip PURE formulation was tested using the modified Tandem Repetitive Occlusive Irritation Test (TRIT), a modern skin physiology in vivo test. The model irritants are occlusively applied to the skin twice a day for 30 minutes over a period of four days. The resulting skin irritation is defined and compared with the help of the visual score (VS); the resulting barrier damage with help of the transepidermal water loss (TEWL). Stokoderm® Grip Pure significantly reduces the irritation effect of the test irritants compared to unprotected skin.

SUITABLE FOR FOOD HANDLING

The use of Stokoderm® Protect PURE as per usage instructions, does not influence the quality and safety of foodstuffs.

The product has been assessed using the HACCP hazard analysis. The product has been assessed using the HACCP hazard analysis methodology. The following critical control points were identified and are controlled as follows -

1. Impact on smell and taste of foodstuffs - The formulation has been independently tested according to 'Sensory Analysis - Methodology - Triangle Test EN ISO 4120:2007' and proven to not have the potential to taint food.
2. Possible toxic effects of ingredients - An independent oral toxicological evaluation was performed and concluded that any foodstuffs which may contain trace amounts of the product, are unlikely to cause any adverse toxicological effects.

INGREDIENTS

AQUA (WATER), ETHYLHEXYLSTEARATE, GLYCERYL STEARATE SE, GLYCERIN, CETEARYL ALCOHOL, SODIUM BISCHLOROPHENYL SULFAMINE (EUCORIOLO™), ISOPROPYL PALMITATE, GLYCOL DISTEARATE, XANTHAN GUM, CETEARETH-6, CETEARETH-25, 1,2-HEXANEDIOL, CAPRYLYL GLYCOL, TROPOLONE
