

# Stokolan® Light Gel

## Skin Conditioning Hydro-Gel

### PRODUCT DESCRIPTION

Refreshing skin conditioning hydro-gel with cooling effect and non-greasy texture for regular use to help avoid dryness.

### WHERE TO USE

For use by those with moderate skin dryness from daily working in industrial, healthcare, office and commercial areas.

### INSTRUCTIONS FOR USE

- Apply 1ml to clean and dry skin prior to extended breaks and at the end of the working day
- Rub on all areas of the hands, including between the fingers and around the fingernails
- Can also be used on the face

After-work skin restore creams help to maintain the skin in healthy condition by keeping it strong and supple, avoiding dryness. Using restore creams is an important element in skin care best practice.

FORMAT: **GEL**

FEATURES	BENEFITS
<b>Unique hydro-gel formula</b>	Designed to quickly absorb into moderately dry skin to provide a refreshing, cooling effect and encourage regular use
<b>Light consistency</b>	Leaves non-greasy after feel
<b>Contains Glycerin and Urea</b>	Glycerin and Urea enhance the water holding capacity of the skin's upper layers and support the skin's own moisture system
<b>Creatine</b>	Encourages the skin's own production of barrier lipids and supports cell renewal
<b>ECARF Certified<sup>1</sup></b>	This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for being well tolerated by sensitive skin. <a href="http://www.ecarf-siegel.org/en/about-seal">www.ecarf-siegel.org/en/about-seal</a>
<b>Compatible with alcohol-based hand disinfectants</b>	Can be used in hygiene sensitive areas where hand sanitizing procedures are necessary
<b>Glove compatibility</b>	In independent testing, the use of Stokolan® Light Gel in combination with reputable latex, vinyl and nitrile gloves does not have any deleterious effect on the glove tensile properties using EN 455-2:2009 test methodology
<b>Silicone-free</b>	The product will have no adverse effect if in contact with surfaces prior to the application of paint or surface coatings
<b>Independently tested at the German Institute of Rubber Technology (DIK) and proven to have no negative effect on the vulcanization process</b>	Compatible with rubber production processes

### COMPATIBILITY TESTS

#### Glove Compatibility

In independent testing, the use of Stokolan® Light Gel in combination with reputable latex, vinyl and nitrile gloves does not have any deleterious effect on the glove tensile properties using EN 455-2:2009 test methodology.

#### Sanitizer Compatibility Test

The compatibility of Stokoderm® Light Gel with alcohol-based hand sanitizers was tested using a modified prEN 12054 test protocol. Results show that Stokoderm® Light Gel does not negatively affect the efficacy of alcohol based hand sanitizers against P aeruginosa, E coli, S aureus and E hirae.

#### Rubber Production Process Compatibility

In testing conducted by the Deutsches Institut für Kautschuktechnologie (DIK) in accordance with EN ISO/IEC 17025, the use of Stokolan® Light Gel in rubber production process does not influence the cohesive strength of rubber.

### INGREDIENTS

AQUA (WATER), GLYCERIN, CAPRIC/CAPRYLIC TRIGLYCERIDE, UREA, CREATINE, SODIUM POLYACRYLATE, HYDROGENATED POLYDECENE, TRIDECETH-6, PHENOXYETHANOL, TRISODIUM DICARBOXYMETHYL ALANINATE, PARFUM (FRAGRANCE)

### PRODUCT SAFETY ASSURANCE

#### Skin Compatibility Test

Clinical dermatological tests have been conducted to assess the skin compatibility of the product using voluntary test persons in enclosed and repeat application models. These tests, as well as in practical use, have proven that the product has very good skin compatibility. Skin compatibility expert reports are available upon request.

#### Toxicological Approval

The product has been independently assessed for human toxicity and product stability. It is declared safe for intended use, meeting all relevant regulatory requirements.

### EFFICACY TESTS

#### Skin Hydration Test

The hydrating effect of Stokolan® Light Gel was tested on the forearm skin of healthy volunteers using a Corneometer. Results show that following a single application of Stokolan® Light Gel, the skin hydration level had risen by 25.7% when measured after 1 hour and 21.6% after 4 hours.

### QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow cosmetic Good Manufacturing Practice (cGMP) requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in SC Johnson Professional's high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.
