

Stokolan® Light PURE

Skin Conditioning Cream

PRODUCT DESCRIPTION

A mild perfume-free, dye-free and lightly textured skin conditioning cream enriched with a combination of skin moisturising ingredients to help care for the skin.

WHERE TO USE

For use by those with moderate skin dryness from daily working in industrial, food handling, healthcare, office and commercial areas.

INSTRUCTIONS FOR USE

- Apply 1ml to clean and dry skin prior to extended breaks and at the end of the working day
- Rub on all areas of the hands, including between the fingers and around the fingernails
- Can also be used on the face

After-work skin restore creams help to maintain the skin in healthy condition by keeping it strong and supple, avoiding dryness. Using restore creams is an important element in skin care best practice.

FORMAT: CREAM

FEATURES	BENEFITS
Non-greasy, light formula	Designed for moderately dry skin to quickly absorb and encourage regular use, maintaining healthy skin condition
Contains Shea Butter	A naturally occurring emollient to support the product's excellent skin soothing properties
Contains Allantoin	Supports the moisturization effect and helps condition the skin
Contains Glycerin	Enhances the water holding capacity of the skin's upper layers and supports the skin's own moisture system
Perfume free and dye free	No added perfume or dyes. Ideal for people who are sensitive to perfumes and dyes and who prefer products which do not have these added
ECARF Certified¹	This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for being well tolerated by sensitive skin. www.ecarf-siegel.org/en/about-seal
Non tainting and assessed according to HACCP guidelines	When used as directed in food production and preparation areas, the product does not influence the quality of foodstuffs or present any risk to the health of its consumers
Glove compatibility	In independent testing, the use of Stokolan® Light PURE in combination with reputable latex, vinyl and nitrile gloves does not have any deleterious effect on the glove tensile properties using EN 455-2:2009 test methodology
Silicone-free	The product will have no adverse effect if in contact with surfaces prior to the application of paint or surface coatings
Independently tested at the German Institute of Rubber Technology (DIK) and proven to have no negative effect on the vulcanization process	Compatible with rubber production processes
USDA BioPreferred Certified²	This product is USDA Certified Biobased and contains 73% USDA certified biobased content. The USDA BioPreferred Program® is a voluntary initiative to provide assurance that product contains a certified amount of biobased ingredients are third-party tested and verified and monitored by the USDA. The USDA Certified Biobased Product label is a certification mark of the U.S. Department of Agriculture. For more information, visit www.biopreferred.gov

COMPATIBILITY TESTS

Glove Compatibility

In independent testing, the use of Stokolan® Light PURE in combination with reputable latex, vinyl and nitrile gloves does not have any deleterious effect on the glove tensile properties using EN 455-2:2009 test methodology.

Rubber Production Process Compatibility

In testing conducted by the Deutsches Institut für Kautschuktechnologie (DIK) in accordance with EN ISO/IEC 17025, the use of Stokolan® Light Pure in rubber production process does not influence the cohesive strength of rubber.

QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow cosmetic Good Manufacturing Practice (cGMP) requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in SC Johnson Professional's high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

PRODUCT SAFETY ASSURANCE

Skin Compatibility Test

Clinical dermatological tests have been conducted to assess the skin compatibility of the product using voluntary test persons in semi occlusive, 48 consecutive hour application models. These tests, as well as in practical use, have proven that the product has very good skin compatibility. Skin compatibility expert reports are available upon request.

Toxicological Approval

The product has been independently assessed for human toxicity and product stability. It is declared safe for intended use, meeting all relevant regulatory requirements.

SUITABLE FOR USE IN FOOD HANDLING

The use of Stokolan® Light PURE as per usage instructions, does not influence the quality and safety of foodstuffs.

The product has been assessed using the HACCP hazard analysis methodology. The following critical control points were identified and are controlled as follows -

1. Impact on smell and taste of foodstuffs - The formulation has been independently tested according to 'Sensory Analysis - Methodology - Triangle Test EN ISO 4120:2007' and proven to not have the potential to taint food.
2. Possible toxic effects of ingredients - An independent oral toxicological evaluation was performed and concluded that any foodstuffs which may contain trace amounts of the product, are unlikely to cause any adverse toxicological effects.
